## Guest Speakers

- Trevor Edmonds** NSW Government Benevolent Asylums-This is a part of our social history that is not well known, but has some unusual aspects. They began in 1862, at a time when government generally did not run charitable institutions. This had been the role of the charitable organisations, prior to 1862. Over time all the government asylums were managed by women, a truly unusual position for government instrumentalities of the times.
- Janine Roberts** Land Titles where to search via the 'back door'
- Mark Franklin** Sandgate Cemetery History, why and when opened. What family records are held at the Cemetery how to research. Every Monument tells a story about your ancestors. The railway station and funeral trains.
- Pre order Lunch;** Chicken Schnitty, chips & salad, Battered Fish, Chips & Salad, Risotto GF, Bangers and Mash with Tea & Coffee
